1. "Covered user" shall mean a user of a website, online service, online application, mobile application, or connected device, or portion thereof, in the state of New York who is:

  - 2. "Minor" shall mean a natural person under the age of eighteen.
- 3. "Operator" shall mean any person who operates or provides a website on the internet, online service, online application, mobile application, or connected device, and who, alone or jointly with others, controls the purposes and means of processing personal data. A person that acts as both an operator and processor shall comply with the applicable obligations of an operator and the obligations of a processor, depending on its role with respect to each specific processing of personal data.
- 17 <u>4. "Personal data" shall mean any data that identifies or could</u> 18 <u>reasonably be linked, directly or indirectly, with a specific natural</u> 19 <u>person or device.</u>
  - 5.   - 6. "Primarily directed to minors" shall mean a website, online service, online application, mobile application, or connected device, or a portion thereof, that is targeted to minors. A website, online service, online application, mobile application, or connected device, or portion thereof, shall not be deemed directed primarily to minors solely because such website, online service, online application, mobile application, or connected device, or portion thereof refers or links to any other website, online service, online application, mobile application, or connected device directed to minors by using information location tools, including a directory, index, reference, pointer, or hypertext link. A website, online service, online application, mobile application, or connected device, or portion thereof, shall be deemed directed to minors when it has actual knowledge that it is collecting personal data of users directly from users of another website, online service, online application, mobile application, or connected device primarily directed to minors.
  - 7. "Sell" shall mean to share personal data for monetary or other valuable consideration. "Selling" shall not include the sharing of personal data for monetary or other valuable consideration to another person as an asset that is part of a merger, acquisition, bankruptcy, or other transaction in which that person assumes control of all or part of the operator's assets or the sharing of personal data with a processor.
  - 8. "Processor" shall mean any person who processes data on behalf of the operator. A person that acts as both an operator and processor shall comply with the applicable obligations of an operator and the obligations of a processor, depending on its role with respect to each specific processing of personal data.
- 54 <u>9. "Third-party operator" shall mean an operator who is not the oper-</u> 55 <u>ator:</u>
  - (a) with whom the user intentionally and directly interacts; or

(b) that collects personal data from the direct and current interactions with the user.

- § 899-ff. Privacy protection by default. 1. Except as provided for in subdivision six of this section and section eight hundred ninety-nine-jj of this article, an operator shall not process, or allow a processor to process, the personal data of a covered user collected through the use of a website, online service, online application, mobile application, or connected device, or allow a third-party operator to collect the personal data of a covered user collected through the operator's website, online service, online application, mobile application, or connected device unless and to the extent:
- (a) the covered user is twelve years of age or younger and processing is permitted under 15 U.S.C. § 6502 and its implementing regulations; or (b) the covered user is thirteen years of age or older and processing is strictly necessary for an activity set forth in subdivision two of this section, or informed consent has been obtained as set forth in subdivision three of this section.
- 2. For the purposes of paragraph (b) of subdivision one of this section, the processing of personal data of a covered user is permissible where it is strictly necessary for the following permissible purposes:
- (a) providing or maintaining a specific product or service requested by the covered user;
- (b) conducting the operator's internal business operations. For purposes of this paragraph, such internal business operations shall not include any activities related to marketing, advertising, research and development, providing products or services to third parties, or prompting covered users to use the website, online service, online application, mobile application, or connected device when it is not in use;
- 30 (c) identifying and repairing technical errors that impair existing or intended functionality;
  - (d) protecting against malicious, fraudulent, or illegal activity;

  - (h) detecting, responding to, or preventing security incidents or threats; or
    - (i) protecting the vital interests of a natural person.
- 3. (a) For the purposes of paragraph (b) of subdivision one of this section, to process personal data of a covered user where such processing is not strictly necessary under subdivision two of this section, informed consent must be obtained from the covered user either through a device communication or signal pursuant to the provisions of subdivision two of section eight hundred ninety-nine-ii of this article or through a request. Requests for such informed consent shall:
- 50 (i) be made separately from any other transaction or part of a trans-51 action;
- 52 <u>(ii) be made in the absence of any mechanism that has the purpose or</u>
  53 <u>substantial effect of obscuring, subverting, or impairing a covered</u>
  54 <u>user's decision-making regarding authorization for the processing;</u>
- 55 <u>(iii) clearly and conspicuously state that the processing for which</u> 56 <u>the consent is requested is not strictly necessary, and that the covered</u>

1 user may decline without preventing continued use of the website, online
2 service, online application, mobile application, or connected device;
3 and

- 4 <u>(iv) clearly present an option to refuse to provide consent as the</u> 5 <u>most prominent option.</u>
  - (b) Such informed consent, once given, shall be freely revocable at any time, and shall be at least as easy to revoke as it was to provide.
- 8 (c) If a covered user declines to provide or revokes informed consent
  9 for processing, another request may not be made for such processing for
  10 the following calendar year, however an operator may make available a
  11 mechanism that a covered user can use unprompted and at the user's
  12 discretion to provide informed consent.
  - (d) If a covered user's device communicates or signals that the covered user declines to provide informed consent for processing pursuant to the provisions of subdivision two of section eight hundred ninety-nine-ii of this article, an operator shall not request informed consent for such processing, however an operator may make available a mechanism that a covered user can use unprompted and at the user's discretion to provide informed consent.
  - 4. Except where processing is strictly necessary to provide a product, service, or feature, an operator may not withhold, degrade, lower the quality, or increase the price of any product, service, or feature to a covered user due to the operator not obtaining verifiable parental consent under 15 U.S.C. § 6502 and its implementing regulations or informed consent under subdivision three of this section.
  - 5. Except as provided for in section eight hundred ninety-nine-jj of this article, an operator shall not purchase or sell, or allow a processor or third-party operator to purchase or sell, the personal data of a covered user.
- 6. Within thirty days of determining or being informed that a user is a covered user, an operator shall:
  - (a) dispose of, destroy, or delete and direct all of its processors to dispose of, destroy, or delete all personal data of such covered user that it maintains, unless processing such personal data is permitted under 15 U.S.C. § 6502 and its implementing regulations, is strictly necessary for an activity listed in subdivision two of this section, or informed consent is obtained as set forth in subdivision three of this section; and
  - (b) notify any third-party operators to whom it knows it disclosed personal data of that covered user, and any third-party operators it knows it allowed to process the personal data that may include the personal data of that user, that the user is a covered user.
- 7. Except as provided for in section eight hundred ninety-nine-jj of
  this article, prior to disclosing personal data to a third-party operator, or permitting a third-party operator to collect personal data from
  the operator's website, online service, online application, mobile
  application, connected device, or portion thereof, the operator shall
  disclose to the third-party operator:
- 49 <u>(a) when their website, online service, online application, mobile</u>
  50 <u>application, connected device, or portion thereof, is primarily directed</u>
  51 <u>to minors; or</u>
  - (b) when the personal data concerns a covered user.
- § 899-gg. Processors. 1. Except as provided for in section eight hundred ninety-nine-jj of this article, no operator or processor shall disclose the personal data of a covered user to a third party, or allow the processing of the personal data of a covered user by a third party,

Such agreement shall clearly set forth instructions for the nature and purpose of the processor's processing of the personal data, instructions for using or further disclosing the personal data, and the rights and obligations of both parties.

- 3. A processor shall, at the direction of the operator, dispose of, destroy, or delete personal data, and notify any other processor to which it disclosed the personal data of the operator's direction, unless retention of the personal data is required by federal, state, or local laws, rules, or regulations. - (c) upon reasonable request of the operator, make available to the operator all information in its possession necessary to demonstrate the processor's compliance with the obligations in this section;
- (d) allow, and cooperate with, reasonable assessments by the operator or the operator's designated assessor for purposes of evaluating compliance with the obligations of this article. Alternatively, the processor may arrange for a qualified and independent assessor to conduct an 41 assessment of the processor's policies and technical and organizational 42 43 measures in support of the obligations under this article using an 44 appropriate and accepted control standard or framework and assessment 45 procedure for such assessments. The processor shall provide a report of such assessment to the operator upon request; and
  - (e) notify the operator a reasonable time in advance before disclosing or transferring the personal data of covered users to any further processors, which may be in the form of a regularly updated list of further processors that may access personal data of covered users.
  - § 899-hh. Ongoing coverage. 1. Upon learning that a user is no longer a covered user, an operator:
- (a) shall not process the personal data of the covered user that would 53 54 otherwise be subject to the provisions of this article until it receives informed consent pursuant to subdivision three of section eight hundred 55 ninety-nine-ff of this article, and 56
